

Romance Story Cast and Crew

The Ship

Ship to be based on “Deep Void” The ship’s name is the “*Addington*” (although the *Sefton* sounds pretty cool too.)

Pilot and navigation all run by AI and automatic systems.

The Ship’s computer / AI goes by the name of **Tam**. The crew claim it stands for “*The Adding Machine*”

Personality: Helpful, Pragmatic, Will share observations if asked.

Kit includes 12 loader bots, and 6 specialist bots.

Individual cabins, but all other areas are common.

Ship interior is very compact and tight. Reminiscent of submarines and naval warships.
